Nutrition information is based on standard recipes. Variations may occur due to differences in suppliers and product preparation at the restaurant. Test products or regional items may not be included and may not be available in all areas. All items are prepared in common areas and may contain trace amounts of ingredients contained in other products.

*Last item update: 10/09/23*

We prepare products and use food ingredients containing all 8 major allergens in our restaurant kitchens. Although measures are taken to prevent cross contact, as a bakery/restaurant, there is the possibility of food touching, allergens like wheat becoming airborne or common equipment being utilized to handle foods containing any of the major allergens.
